Hi,

My name is Stella Dova and I am a fully trained and experienced Primary Teacher living on Mona road. I am also fully registered with Ofsted as a childminder providing childcare before and after school.

As a teacher and a mum, I have always loved to help children develop their imagination and creativity. I will provide a range of fun and creative activities for the children I look after, including things like model making, role playing, gardening, baking and outdoor games.

Please feel free to contact me to have a chat about individual circumstances.

*Many thanks
Stella*
