

Year 1 Phonics Overview Spring 2

Revise Choose to Use- Spelling Focus

This half term we will recap 'Choose to Use' with a focus on the children beginning to apply their knowledge in their writing. The children will begin to select the correct spellings for the phonemes they hear- particularly when there is more than one way to spell a sound.

We encourage the children to write the words with all ways to spell a sound and then look and see which word looks right. (e.g snayl, snail, snale).

The children will use spelling mats in the classroom to help them decide which spelling to use.
